WORK EXPERIENCE

Feb 2021- Aug 2021
Front-End Web Developer Intern
dotOrbit

Developed user interface with modern JS, HTML5 & CSS3, which improved user satisfaction.
Learned multiple threading, concurrency, design patterns, and their impacts on application concurrency.

FEATURED PROJECT

Amifit
Business website

It is a gym website. Developed front-end user experience using Html, Css, Bootstrap & Js. Face some challenges with the button, service section, testimonial, and form.
View : https://amifit.netlify.app/

Stemy
latest work

This is my latest work. The website is built using HTML, CSS, Bootstrap, JS.
